Do you have nerve pain?

*Tansi, Edlanete, Doken ya un, Toki I ya un, Toked ya un, "Tansi!
Tansi! Tansi!", Bonjour, and Hello*

VOLUNTEER PARTICIPANTS NEEDED For research in nerve pain

As care providers, we are trying to find better ways to communicate with Indigenous Peoples about the nerve pain they are experiencing.

We are recruiting Indigenous volunteers (ages 16 and up) who have current or previous experience with nerve pain to take part in a research study.

Your participation would involve attending a sharing circle, lasting approximately 1-2 hours. Sharing circles will take place in select rural and remote communities and online. An Elder will be present. Participants will receive a small honorarium in appreciation of their time.

For more information about this study, or to volunteer for this study, please contact:

Dr. Stacey Lovo, School of Rehabilitation Science
